## Contribution/Donation Form

**It is impossible for any one person, organization or government to search for the missing children on their own. All of us have to join together and help in the search for these missing children.**

Each year, hundreds of children are reported missing. Many are never found.

**National Centre For Missing Children (NCMC)** is making an effort to get these missing children home, soon and safely. NCMC is a national level, non-religious, non-political, non-profit making organization providing the services **free of cost** to the parents/guardians of the missing children and to the Law enforcement agencies. Your contribution is an instrument of all-round development of NCMC, it will help in the distribution of the profile and the pictures of the missing children more effectively.
